

# ЧЕСТИТ ПРАЗНИК, ПГПЧЕ!

## *Still Me*

Walking down the corridor  
full of useless personalities.

What on earth I`m going for?  
Just the casual formalities?

Tired ! All the stories told by some.  
Tired ! All the things I should have done.

Oddly, you can see the fading sun  
Broken by a demon`s fun.

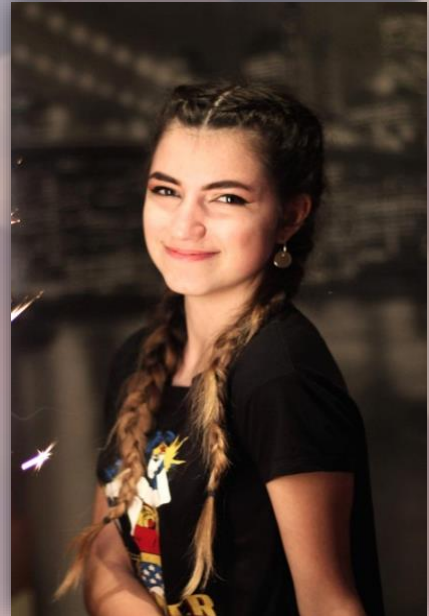

Some of us are still alive  
Some of us are fighting!

Pointless time is all about.  
And my heart is shouting

“You stay strong, my dear child!”  
“Just don`t pay attention!”

In some years, it might change.  
In a new dimation .

So I hope to still vibrate  
Hard enough to manipulate!
